MONTH OF DECEMBER ASTRONOMICAL DATA

NEARLY TOTAL ECLIPSE OF MOON DECEMBER 16.

Sunrise and Sunset in Janesville—Times of the Moon's Phases—Fixed Stars Visible During the Month—Annual Eclipse of the Sun Tomorrow Not Visible Here.

Following is the astronomical data for December 1899, furnished by the Washburn observatory at Madison:
Mercury and Venus are both evening stars at the end of the month; but while the latter daily appears higher in the southwestern sky after sunset and more brilliant, the former is receding towards the sun and passes through inferior conjunction Dec. 5. It then becomes a morning star and may be seen later in the southeastern sky before sunrise.

GEN. LAWTON OFFERS TERMS TO REBELS

INSURGENT LEADERS IN LUZON MAY NOW SURRENDER.

An Unconditional Surrender is Demanded—Proposition is Now Under Consideration—Gen. Otis Reports on the Battle at Passi—MacArthur's Men Have Several Small Engagements.

Manila, Dec. 1.—Insurgent leaders in the northern portion of Luzon may surrender to the Americans today. Gen. Lawton, who is in Bambang, seven miles from Bayombong, in the Cagayan valley, has been in telegraphic communication with the insurgent commanders over the wires which were still in their possession. The leaders of the rebels are considering the proposition which Gen. Lawton has made by telegraph for their

CALL FOR KENTUCKY TROOPS

Secret Notice for Immediate Massing of Troops at Frankfort.

Corbin, Ky., Dec. 1.—A secret call has been issued for the immediate massing of all the state guards (militia) at Frankfort. Three new companies of State guards have been formed in London, Corbin, and Harboursville, and are being drilled continually. These mountain companies, with 600 armed citizens, will leave for Frankfort tomorrow. The guards will go without uniforms. Wherever the news has leaked out excitement is high, and cool heads may be required at the capital to prevent what may be an unnecessary clash. The republicans express fear that their train carrying the mountain troops may be derailed on its way to the capital.

FORECAST OF WEATHER

Chicago, Dec. 1.—[Special Telegram]—The forecast for Wisconsin is as follows:
Fair tonight and Saturday.

WRECK KILLS ENTIRE FAMILY.

Identification of the Victims of the Disaster at Paterson, N. J.

Paterson, N. J., Dec. 1.—The bodies of the six persons killed in Wednesday night's wreck on the Delaware, Lackawanna & Western railroad have been positively identified. Those killed were:
ALEXANDER CRAIG of Scranton, Pa., business manager of the Scranton Tribune.
ESTHER S. CRAIG, his wife.
ESTHER CRAIG, their 15-year-old daughter.
JESSIE CRAIG, their 11-year-old daughter.

MRS. MAY BERT ROE, wife of David Roe of Ithaca, N. Y.
WALTER JACOB WALBROOK, 19 years old, of New York city.

Mr. Walbrook was a student at Cornell. It was not until Thursday that the identification of the two children killed was made positive. The accident wiped out the Craig family. They were on their way to spend Thanksgiving with relatives in Brooklyn. All of the nineteen injured persons in the hospitals are doing well, and it is believed that all of them will recover.

STIR UP TROUBLE IN CUBA.

Effort to Suppress Those Who Preach "Independence or Death."

Havana, Dec. 1.—The Nuevo Pais says: "We agree with the Lucha that there is no danger of a rising, although so long as the people preach 'independence or death' there will not be wanting those who are deceived by a chimera. Nevertheless, if a rising were started, the instinct of self-preservation on the part of those engaged in industry would be sufficient to prevent any spreading."

Gen. Wilson has written to the civil governor of Santa Clara calling his attention to the fact that many government officials are traveling about the province for the purposes of political propaganda. He reminds the civil governor that those persons should attend to their own affairs, especially while the country is in the process of reconstruction.

FRENCHMEN TALK OF WAR.

Chances of Conflict with Great Britain Openly Discussed.

Paris, Dec. 1.—The possibility of war with Great Britain is openly discussed in the press. The admirals at the various maritime posts were suddenly convoked in Paris at a superior council of marine which was held Thursday. What transpired is kept from the public. Capt. Marchand, who spent several hours with De Lanessan, is proposed for the rank of lieutenant colonel, thus giving color to the rumor that Capt. Marchand would be given an important position in case of a conflict as a reward for his abstinence in the recent nationalist troubles.

Illinois Defeated by Iowa.
Rock Island, Ill., Dec. 1.—The Iowa university football eleven played a brilliant game Thursday against the University of Illinois, winning by a score of 53 to 0.

TO RELIEVE LADYSMITH

Gen. Hildyard Reaches the South Shore of the Tugela River.

BOERS DRIVEN BACK

Gen. Methuen's Wounds Are Said Not to be Very Serious.

WILL BE ABLE TO CONTINUE IN COMMAND OF ARMY.

Kimberley Still Reported Safe—Joubert is Advancing Upon Colenso—Bombardment of Ladysmith Continues—Mafeking Was Safe November 24—England Calls Out Another Army Division—Boers Preparing to Attack Fort Tuli—News is Very Scant from the Front—Modder River Fight May Turn Out Bitter Pill for England Finally.

London, Dec. 1.—[Special Cablegram]—A force of Boers while trying to blow up the five hundred foot bridge at Colenso, were driven back by a British artillery fire. This dispatch indicates that Gen. Hildyard, who is advancing to the relief of Ladysmith has overcome the difficulties spread in his path at Frere and has reached the south shore of Tugela river.

Methuen's Wounds Not Serious.

London, Nov. 1.—[Special Cablegram]—A further list of casualties on the Modder river reports two officers killed and nine wounded. This makes a total of known casualties in officers to date of six killed and twenty six wounded. Much relief is felt over the fact that Gen. Methuen's wound is not serious. It is not believed that he will be incapacitated from continuing in the personal command of the flying column. Gen. Methuen's failure to report his own wound in the account of the battle has excited admiration.

Details Still Lacking.

Details of General Methuen's fight at Modder river on the subsequent movements of his column are still missing. The only report received at the War office since Gen. Methuen's first ambiguous message is a list of casualties.

All the London papers remark that Gen. Methuen's mysterious silence is in some way due to the fact that Methuen is wounded. This is unlikely, as the injury is only slight, and a more logical reason is that the last engagement was not as brilliant British success as reported. The suspicion is growing that Gen. Methuen's forces are in great need of rest, and until it is secured and Gen. Methuen gets fresh ammunition and reinforcements ready to proceed towards Kimberley he is afraid to say anything that might encourage the Boers.

Situation Grows Puzzling.

The situation is made still more puzzling in view of the report of only four killed and nineteen wounded after General Methuen's statement that the Modder river engagement was one of the hardest battles ever fought.

Before Methuen's advance can be continued it is clear that the Modder river must be bridged, and the repair of the railway is considered impossible with the resources at General Methuen's command, and as the passing of troops across pontoon bridges is necessarily a matter of time there is little likelihood now that General Methuen will reach Kimberley before the middle of next week at the earliest. In the mean time the Boers also have a chance to rest and recoup.

Other News Equally Scant.

Kimberley was reported safe on the 29th, although the culverts and railways north and south of the town were destroyed by the Boers. There is no news to indicate that General Gatacre has yet started his proposed march. Steynsburg is held by 1,000 Boers and the British Natal force is concentrated at Freres. Joubert's column is reported advancing to Colenso.

George W. Stevens of the London Daily Mail says the bombardment of Ladysmith was languid up to the 17th, the casualties resulting being eight killed and wounded. Mafeking was safe on the 24th. Seventh Division Called.

Lord Wolsey announces that the War office has come to the decision to call out another division of 10,000 men.

FAVORABLE WEATHER FOR THE FARMERS

PLOWING IN IN SOUTHERN WISCONSIN IN GOOD SHAPE.

Funeral Services Over the Remains of the Late Charles Terwilliger.—Survey of the New St. Paul Railroad Branch—News and Notes from Clinton.

The funeral services of the late Chas. Terwilliger, who died Nov. 27, 1899, by his own hand while temporarily insane were held at his late home on the Turtle Creek road in Bradford on Wednesday at 10 o'clock a. m. Rev. E. S. McChee, pastor of the M. E. church of this village, officiated. The hymns of the service were sung by a Clinton quartette composed of Miss Maude Ames, Miss Lillian Soper, M. A. Patchen and J. R. Helmer. Undertaker E. H. Tubbs had charge of the funeral arrangements. The demonstrations of grief by members of the family during the services were heart rending. The remains were taken to Afton for burial. **Obituary:** Charles Terwilliger was born at Hamilton, Monroe county, Pennsylvania, on May 27th, 1851 and was therefore at the time of his death 48 years and six months old. He came to Wisconsin with his parents in 1854 and settled at Afton, Wis., and had ever since resided in Rock county except for a year and a half in 1885 when the family moved to Illinois. He died at one time lived in Janesville. Those left to mourn are an aged mother, two brothers, Jerome and Eugene, two sisters, Mrs. Fannie Davis of La Prairie, Mrs. Fred Beneke of Janesville. Two uncles live at Afton, John Terwilliger and Joseph Williams. Four sons of the former acted as pall bearers at the funeral. Mr. Terwilliger's untimely death is universally deplored in the community where he lived for beneath a rough exterior he had a kind heart. He was an honest citizen, a sociable and accommodating neighbor.

A series of temperance meetings will be held at the Baptist church commencing Sunday evening, Dec. 3rd. Captain W. F. Dutton, a speaker of national reputation will have charge of the meetings. This has been a very favorable fall for farmers to do up their plowing. Arthur Hern, a Tiffany farmer has himself plowed 125 acres during the month of November with a six horse team attached to an ordinary gang to which he substituted 17 inch lays in place of the 14 inch size. He turns over a strip of soil three feet wide.

Frank McMichael of Beloit, who has a grocery route had the misfortune to lose one of his horses while staying at James Black's over night. The animal got twisted up in a rope with which it was tied in the barn and strangled. Mr. McMichael borrowed a horse the next morning and continued his journey.

A farmer in this vicinity has discovered that a shock of corn in his field has been consumed by fire, the probable result of a stroke of lightning during a recent thunder storm.

E. G. Chesbro informs us that the last survey of the new St. Paul branch railroad has given stakes at Enders Corners, north of Turtle Creek and some says it looks as though Smithton and Emerald Grove would be left out, the line probably running south of those points.

Officer F. C. Bradley is the proud father of the handsomest baby in town. This fact was decided by a voting scheme of the glassblowers who are here, Gaylord Bradley receiving nearly 300 votes and a majority of 50 over his rival, Jimmie McGraw.

Lewis Larson our good looking genial and rotund butcher suddenly finds himself to be the highest man in town. It was a put up job, by his friends to secure him the most votes at the glass blowers ballot box. He was presented with a glass pipe and says he has "a smoke on the boys all the same."

The "Old Maid's Convention" will be held at the Opera house December 4. Don't miss it. The funniest thing out. Tickets 15 cents.

John Inman of Janesville, made a business trip to his farm Tuesday.

David Thorne and A. C. Powers were in town Monday.

Miss Fanny Wood left Monday to spend Thanksgiving at Ripon.

Miss Hattie Hunt was not so well the first of the week.

Frank Anderson clerked for H. G. Hunt this week.

A man from Freeport is temporarily acting as St. Paul agent here.

At one of the glass blowers entertainments Miss Eva Stone proved to be the prettiest girl in town. Miss Ethel Eldredge was almost as pretty.

CAINVILLE.

Cainville, Dec. 1.—The Loyal Workers' convention at the A. C. church was very largely attended, the program was excellent. The visiting delegation represented Brodhead, Oregon, Evansville, Janesville, Footville and Monticello. Miss Lucy Sheldon of Brodhead, state secretary, was present and read a very interesting paper. There were other valuable papers read by home talent in which the readers deserve much credit for the many beautiful thoughts which they carried. Gus Collins left for his home Wednesday. He has been visiting Mrs. Collins and family. The bridge builders are finishing the railroad bridge. A gang of Italians are also at work here extending the side track. Miss Sue Harper of Footville, is the guest of her sister, Mrs. Warren Cain. Clyde McCoy has had quite a serious time with appendicitis, but under the skillful management of Dr. Colony he hopes to be around soon. Will Brown is taking charge of the store during Mr. McCoy's sickness. Cory & Dunbar shipped a car of stock from this station Wednesday.

AMUSEMENT NOTES.

Some realistic scenes will be shown by the Cinematoscope company at the Myers Grand this evening, Saturday afternoon and Saturday night. The views of the Jeffries Fitzsimmons fight are simply remarkable. The principals in the ring are before you hitting away at each other, and the lovers of boxing see every move made by the two heavyweights.

The attraction for the Myers Grand Thursday, Dec. 7, will be the comedy of complications entitled "Who Is Who." This is the third, and we are informed the best, edition of this successful farce, and it will be well seasoned with lively specialties, music, song and dancing diversions.

"Brown's in Town" is the clever title of the latest farce which will be given its first presentation in this city at the Myers' Grand next Tuesday Dec. 5. The lines in "Brown's in Town" are said to be bright and witty, and, upon investigation one finds there are a great many reasons for Brown remaining in town.

Hoyt's "A Milk White Flag" which comes to the Myers Grand next Monday night, continues its unabated comedy success and this season's company while

WAS A VERY QUIET THANKSGIVING DAY

PRIVATE HOME DINNER PARTIES FEATURE OF THE DAY.

Union Services at the Congregational Church Were Well Attended—Francis Murphy League Entertainment at the Y. M. C. A. Hall—St. Andrew's Day Services.

Yesterday was a quiet day in Janesville and one did not need to be told that it was a legal holiday. At noon the majority of business houses closed for the day. The greater portion of the factories shut down Wednesday night so as to give them plenty of opportunity to feast on turkey and the several tempting side dishes that accompany the national bird on this day of thanks.

Several took their departure from the city, attracted here and there by pressing invitations from friends. A good sized delegation visited Chicago, where they witnessed the Wisconsin Michigan football game. Others went to out-of-town dancing parties.

At the Congregational church yesterday morning at 11 o'clock Union Thanksgiving services were held. Rev. Walter A. Hall, pastor of Court Street M. E. church, preached, the churches uniting were the two Methodist, Congregational and Baptist.

The Congregational chorus choir sang, Leo Lange, from the State School for the Blind played the violin with Walter Getzinger, also of the State School, on the piano.

A union Thanksgiving meeting of the Young People's societies was held at the Congregational church in the morning at 9:30 o'clock.

League Entertainment.

At the Y. M. C. A. building last evening members of the Francis Murphy League gave an excellent entertainment. The talent was of a local nature and each and every number was well received. Among those who took part were Mrs. J. B. Day, Mrs. Christine Hawley, Mrs. E. M. Hyzer, Miss Mary Wilcox, Ed. O. Smith, Harry Robinson, E. Ray Lloyd, Kramer Doty, James Haggart, Charles Patterson and E. E. Van Pool. Rev. E. H. Pence presided over the meeting.

Fully five hundred people were in attendance and a neat sum has been realized by the League who are soon to open headquarters in Janesville.

St. Andrew's Day.

Yesterday was St. Andrew's day, and at Christ church the day was observed by union services of the Christ and Trinity Episcopal churches. Rev. J. A. M. Richey, rector of Trinity church, preached.

Holy communion was celebrated at Christ church at 8 o'clock in the morning.

Miss Kimball's Dinner.

Little folks to the number of several dozen were made happy yesterday at a tempting Thanksgiving dinner served at the Mary Kimball mission home on South Jackson street. The tables were loaded down with the good things that go to make complete a Thanksgiving dinner. Miss Kimball had a liberal supply of turkeys, ducks, geese, chickens and other good things and all the children left for their humble homes with happy hearts. There were services at the mission at 7:30 o'clock last evening.

Cover down close and stew gently for three or four hours, but take out your onions after one hour's stewing and remove the first and second ribs; put them into a stewpan with a ladle or two of cullis, a mushroom or two and truffles minced and a little parsley. Take out your mutton, drain, clean from fat and liquor, make your sauce hot and well seasoned, squeeze in a lemon and serve up with onions around it and pour the sauce over it.

FOOT BALL PLAYERS SERIOUSLY INJURED

FRACTURED RIB AND HURT INTERNALLY.

Dr. James Mills Called Suddenly to Milton Junction Yesterday—Alexander Paul Is the Unfortunate Young Man—His Condition Much Improved This Afternoon

During the progress of a football game at Milton Junction yesterday Alexander Paul was injured so that friends at first feared that his condition was of a serious nature. Dr. James Mills of this city who was called to attend the unfortunate young man found him badly bruised about the head and chest, hurt internally and suffered a fractured rib.

The game was between eleven from Milton and Milton Junction. For some time past bad blood has existed between these two teams and when they went on the field yesterday it was quite evident that some one had to die. Paul played with the eleven from Milton Junction. During one of the melees he was thrown violently to the ground.

Six heavy players were soon piled on him regardless of whether or not he was alive. When the battle was cleared away it was found that Paul was more dead than alive. He complained of suffering much internally and a message was at once sent to Janesville for a physician. Paul's condition today showed improvement and he will recover.

DANCING PARTIES FOR THANKSGIVING

SINNISSIPPI GOLF CLUB ENTERTAIN.

Delightful Party Given at the Armory Last Evening—Trainmen Had Over One Hundred and Fifty Couple—Local Dancers Were in Attendance at the Party Given at Monroe.

Members of the Sinissippi Golf Club entertained at the Armory last evening at their annual ball which proved a decided success as was predicted. The number of dancers were not as numerous as have attended previous parties. This was owing to the departure of many to Chicago to witness the Wisconsin-Michigan football game. But the hall was comfortably filled and many spectators were on hand. The usual number of visitors were in attendance and the function was all that could be desired. The hall was prettily decorated and Prof. Smith's orchestra presided. H. G. Carter had charge of the hall. The arrangement committee consisted of J. F. Baker, Leo Brownell, Frank J. Echlin, C. C. Russell and Al Schaller.

Trainmen's Ball.

The fourteenth annual ball of Rock River Lodge No. 210, Brotherhood of Railway Trainmen, was held at the Armory Wednesday evening there being one hundred and fifty couple in attendance. Hard work on the part of the decorating committee turned the large hall into a most inviting place. Red, green and white were the prevailing colors. Three large headlights blazed forth from the balcony.

Prof. John Smith's full orchestra furnished the necessary inspiration and it was well towards morning when the last waltz was played.

The committee of arrangements consisted of Morris P. Dec, George I. Crow and J. J. Dulin.

The floor committee consisted of J. J. Dulin, chief; D. Davey, H. D. Van Aldin, D. Oorry, J. Mulligan and D. Ford.

Party at Monroe.

Janesville dancers were in attendance at Monroe last evening at a party given in Turner hall under the auspices of the ladies of the Universalist church. This function is the annual society event of Monroe. Twenty-seven members of the Monroe band furnished the dance inspiration and two steps and waltzes held full sway with now and then an occasional quadrille just to keep the older folks in good humor. The hall was elaborately decorated with bunting and American flags. At 9 o'clock the grand march took place, being participated in by 100 couple.

The opening waltz was then ushered in and it was near the 3 o'clock hour before the last of the guests took their departure. At 12 o'clock ladies of the church served tempting refreshments in an adjoining dining hall. Monroe young ladies were out in full force and the display of new dresses was numerous and elaborate. For a city of its size but few places surpass Monroe in the giving of successful dancing functions and those in attendance from this city were well repaid for making the trip.

LIGHT SMOKERS.

Japanese Are Satisfied with Small Quantities of Tobacco.

"You may have noticed that the Japanese who visit America are very moderate smokers," said a prominent Japanese now traveling in the United States to a reporter recently. "Those of my countrymen who do indulge in the weed mostly smoke cigarettes or preferably the smallest pipes filled with the mildest tobacco obtainable. Of course there are Japanese who, like some Americans, have such a craving for tobacco that nothing less than the strongest cigar or the largest pipe will satisfy them. But such smokers are exceptionally few among the Japanese. As a rule, my countrymen, while at home and abroad, are satisfied with short smokes, such as a cigarette or a tiny pipe affords. The Japanese are moderate smokers, not so much because they are small people, but for the reason that up to within recent years but very little tobacco came into Japan, and the tariff on it was very high. Being a poor but frugal race, the masses purchased only a limited quantity of the weed, which as a matter of economy, they have for generations been taught to smoke in only the tiniest of pipes. These pipes, the most popular of which hold about as much tobacco as would fill an ordinary thimble, are a survival of the days when money was scarce, tobacco dear and the tariff high. In another generation or two when Japan shall have taken her place among the wealthy nations of the world, our countrymen will no doubt smoke large quantities of tobacco, and then the small pipes will be abandoned for big ones, such as Englishmen and Americans now smoke."—Washington Star.

THEIR LIVES SAVED BY AGUINALDO

NEWS FROM LIEUT. GILMORE
AND CAPTURED PARTY.

American Soldiers Lined Up to Be Shot When the Insurgent Leader Steps in and Saves Their Lives—Latest News from the Philippine Campaign.

Manila, Dec. 1.—When the landing party from the United States battleship Oregon, under Lieutenant Commander McCrackin, took the town of Vigan, province of South Ilocos, last Sunday, they found there an escaped prisoner, A. L. Sonnenschein, who furnished the first authentic account of the experience of Lieut. James C. Gilmore of the United States gunboat Yorktown, who, with a party of the Yorktown, was captured by the insurgents near Baler, on the east coast of Luzon, last April, while making an examination of the mouth of the river in an armed boat.

According to Mr. Sonnenschein, when Lieut. Gilmore's launch entered the river, from Baler harbor, under cover of Ensign W. H. Standley's gun, the landing was received with three volleys. Two of the Americans were killed and two mortally wounded. Every man was hit, Lieut. Gilmore receiving a flesh wound in the leg. As his feet stuck fast in the mud, it was choice between surrender and being slaughtered.

Lieut. Gilmore asked the terms of release. The insurgents proposed that he should procure the delivery to them of the arms and munitions of the Spanish garrisons, undertaking, if this were accomplished, to send the Spaniards and Americans to the Yorktown. A sailor of Lieut. Gilmore's party carried this proposition to the garrison. The Spanish commandant replied that it was an insult to Spanish arms, and expelled the sailor, a Spanish soldier firing upon him as he went.

The Americans were then bound hand and foot and taken to San Isidro, where Gen. Luna ordered their execution. They were marched to the plaza and in the presence of a great crowd were aligned to be executed. Lieut. Gilmore said: "As an American officer and gentleman I protest against being shot with my hands tied."

Aguinaldo interfered and prevented the execution. When Gen. Lawton approached San Isidro last June the Americans were removed to Abra, where they were kept confined in cells for two months. Subsequently they were allowed greater liberty, but the report that Lieut. Gilmore was given a house and servant is untrue. He had the same quarters as the men, and the Americans were given the same allowance as the Spanish prisoners—5 cents a day with which to buy rice and bananas, virtually the only rations.

Gen. MacArthur is now in Bayombong (or Bayamban), preparing to sweep the country on both sides of the Manila-Dagupan railroad. Gen. Wheaton is at San Fabian and Gen. Lawton at Tayug. The cordon from San Fabian to San Isidro covers all the roads and occupies all the towns on the line. The American policy is to prevent any more insurgents escaping to the north and to force them toward the country west of the railroad.

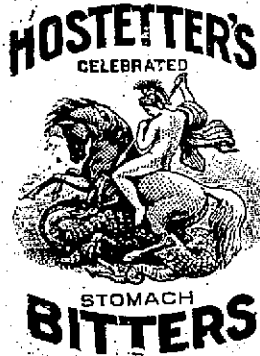

Gen. Young, with a handful of cavalry and the Macabebes, is in Vigan, and Lieut. Col. House, with four decimated companies of the Thirty-fourth infantry, barefooted and fagged, is struggling toward Vigan from Aliga. When last reported he was within fifty miles of his destination. There are 5,000 Spanish prisoners in Abra province, whose release through the military operations is expected soon.

It is learned that Aguinaldo had a large amount of stores at Bayombong, province of Nueva Vizcaya, which Gen. Lawton's troops have probably captured. The steamer Francisco Reyes has taken a cargo of supplies to Dagupan, where a base will be established. Hospitals have been equipped at San Isidro, Cabanatuan and Tayug. Many of the American troops are suffering from exhaustion, fever or dysentery and are in need of hospital treatment.

In the terrified temper of the insurgents, who run at the sight of an American, a single company might go anywhere in the north now. No prisoners except officers and civil leaders are retained by the Americans. Their policy is to release all others almost immediately.

Battle in Panay.

Manila, Dec. 1.—Dispatches just received from Iloilo, island of Panay, say that at 1 o'clock on the evening of Sunday, Nov. 26, the Eighteenth regiment encountered an entrenched force of the enemy at Pavia, who opened a heavy fire. The leading battalion replied and after several volleys the Nineteenth flanked the Filipinos, driving them out of their trenches.

deserter and the best of the party captured and one private of the regiment were killed.

Tells of the Urdaneta.

Washington, Dec. 1.—A dispatch to the navy department from Admiral Watson at Manila gives additional details of the fate of the crew of the gunboat Urdaneta, which was attacked and destroyed by the insurgents some time since. The dispatch follows: "Manila, Nov. 30.—Oregon's force turned over Vigan to portion Wheaton's command on 28th. Returned here with 106 recaptured Spanish prisoners. Taking of Vigan creditable to naval force. Cockswain Greene and Apprentice Powers of Urdaneta's crew escaped from insurgents, reported on flagship. Report Cadet Woods mortally wounded; died fifteen minutes. Mitchell, Drummond, Stone and Grey killed outright. Bodies of Woods and Grey only recovered. Burial place unknown; will endeavor to locate. Farley, Herbert and Burke alive and well Oct. 30. Present whereabouts unknown. Chinaman killed by insurgent spears. Urdaneta fought till guns failed; made gallant fight, date Sept. 17."

No Football Champion for 1899.

Chicago, Dec. 1.—The football season of 1899 ends without a champion. In the west as well as in the east there is no team that can lay undisputed claims to the championship. There are only two teams among the "big ones" which have not been defeated, but complications are such that their splendid records decide nothing. Harvard in the east and Chicago in the west close the season undefeated. Harvard was tied and so was Chicago, but nothing worse befell either. Princeton defeated the team that tied Harvard, but the tigers themselves were beaten once during the season. In the west the championship might be settled if Wisconsin and Chicago met, which seems now unlikely. The result of a contest between the cardinals and the maroons would be accepted as conclusive, but it is likely that the closing year in the nineteenth century will name no gridiron champion.

Will Be Adverse to Roberts.

Washington, Dec. 1.—The advisory committee, consisting of Representatives Hepburn of Iowa, Taylor of Ohio, Dalcoll of Pennsylvania, Moody of Massachusetts, Long of Kansas and Payne of New York, appointed by Col. Henderson to consider the Roberts case, has reached a decision, and by a majority vote will recommend that the Utah member be prevented from taking the oath of office and that his case be referred to the elections committee. The objection to Mr. Roberts being sworn in will be based on the charge that he has been convicted of polygamy and served a term in prison.

Tuttle Remains in Charge.

Lansing, Mich., Dec. 1.—Gov. Pinckney's declaration that Attorney-General Oren will hereafter conduct the grand jury investigation in this country is considered significant, in view of the fact that it is generally supposed that the methods employed to secure the passage of the McLeod street railway bill are to be investigated. It may be stated on authority, however, that Prosecuting Attorney Tuttle will continue to have charge of the investigation. Judge Person and Prosecutor Tuttle are both authority for this statement.

Troops Coming from Cuba.

Washington, Dec. 1.—At the suggestion of Gen. Wood two battalions of the Fifteenth infantry and a battalion each from the Eighth and Tenth cavalry will be withdrawn from Cuba. The four battalions are now in the military department of Santiago, and their withdrawal will leave about 8,800 American troops upon the island. It is proposed to withdraw all these troops as rapidly as conditions in Cuba will permit.

Serious Fire at St. Paul.

St. Paul, Dec. 1.—One-third of the wholesale grocery establishment of Griggs, Cooper & Co., corner of Third and Wacouta streets, was destroyed by fire Thursday night. The loss is estimated at about \$150,000, fully covered by insurance. The fire started in the second floor from cause as yet unknown.

Cripple Creek's Big Output.

Colorado Springs, Colo., Dec. 1.—Cripple Creek's output is rapidly approaching \$2,500,000 monthly. For November it was \$2,123,000, a breaker of all previous records. The total output for the year thus far is \$14,723,000. The December output will increase this to \$17,000,000. The total product to date is \$64,000,000.

Lipphcott's Loss Reduced.

Philadelphia, Dec. 1.—The J. B. Lipphcott company's loss by Saturday's fire is materially reduced by the fact that nearly all the valuable electrotype plates stored in the iron vaults are undamaged. On this item alone Secretary Mortimer of the company figures out a salvage of between \$100,000 and \$150,000.

Sure the Canal Bill Will Pass.

Berlin, Dec. 1.—The Tageblatt says the German government has no intention of dissolving the Prussian diet on account of the canal bill, and that, in fact, the ministry is convinced that the measure in its new form will be passed by parliament.

TALKS OF A NEW ALLIANCE.

Ambassador Choate on Anglo-German-American Entente.

PEACE OF WORLD ASSURED.

American Representative in England Makes a Significant Speech at a Thanksgiving Banquet—Much Emphasis Given to Policy of Expansion.

London, Dec. 1.—At the Thanksgiving dinner of the American society at the Hotel Cecil Ambassador Choate made a long speech, in which he dealt with all the phases of the political questions of the day.

His references to Germany were cordial, but were much more guarded than were Joseph Chamberlain's direct remarks in his speech at Leicester. Taking as a keynote the spreading of American commerce Ambassador Choate said:

"America, Great Britain and Germany are the three great commercial nations of the world. Some might imagine that there would be danger in their rivalry, but how can we have any dispute while the great stream of German blood flows in our veins?"

"Chicago and New York are the greatest German cities in the world. How can we fail to believe that we shall retain amity with that great nation?"

Concerning British friendship he said: "When I came here, tonight I asked a brilliant woman what I should take as the main idea of my remarks. To give an ordinary woman that privilege would be rather a dangerous experiment, but this one was too brilliant for that. She gave me a fine keynote and I give it to you verbatim:

"Let England and America join hands across the sea and the peace of the world is assured."

Referring to the Boer war and the refusal of President Kruger to allow the American consul at Pretoria to give any aid to the British prisoners, Mr. Choate said significantly: "We cannot but hope that the Boer government will soon think differently and permit our consul to give such aid and succor to the unfortunate English imprisoned there as common humanity demands."

Speaking of the expansion of America and its influence on commerce, the ambassador said: "I think we all agree with the declaration of our secretary of war, that the Pacific cable ought to be laid by America from San Francisco to Manila. We have planted our footsteps on the sea. How we have progressed! First, it was San Francisco, then Hawaii, then Guam, then Manila, and one step more and we will be to the open door of China."

"And who shall dare slam the door in our faces?"

WELCOME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over thirty years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is, of course, regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst imaginable cases. It is the only medicine of its kind that is the product of a regularly graduated physician. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to Dr. R. V. Pierce, Buffalo, N. Y.,—take his advice and be well.

Mrs. R. D. Monfort of Lebanon, Warren Co., O., writes: "I drop you a line this morning to let you know that I have received the Medical Adviser, and how very much pleased I am with it. A crisp, new five dollar bill could not tempt me to part with it."

On receipt of 21 one-cent stamps, to pay cost of mailing only, we will send free to any address a paper-bound copy of Dr. Pierce's great 1000-page book, "The Common Sense Medical Adviser." Or, the same book bound in fine French cloth will be sent for 10 cents extra to pay the cost of this more handsome and more durable binding. Address World's Dispensary Medical Ass'n, Buffalo, N. Y.

LORD METHUEN WOUNDED.

British Commander Slightly Injured in Battle.

INSISTS ON JOUBERT'S DEATH.

Englishman Claims to Have Been Standing Near the Boer General When He Was Killed—Kimberley Practically Relieved.

London, Dec. 1.—The news that Gen. Lord Methuen had been wounded in the battle at Modder river produced momentary dismay in London, relieved immediately, however, by the supplementary report that the injury was but a flesh wound in the thigh. His dispatch, giving an incomplete list of officers killed or wounded at Modder river, on the other hand, from the first gave London military critics ground for hoping that the casualties might not prove so severe as at first was expected, in view of the fact that the British engaged an enemy of equal if not superior strength, whose flanks were protected by a flooded river.

It is thought here, indeed, that the engagement is the most important since the war began.

Admission for Col. Baden-Powell's little garrison in its gallant defense of Mafeking grows with each new dispatch. The latest, transmitted through Gen. Sir Forestier-Walker, brings knowledge of the state of the invested town up to Nov. 30, and is as follows:

"All well here. Cronje has gone with a commando and with about twenty wagons to Richters, Transvaal, leaving most of the guns here with the Marico and Lichtenburg contingents, with orders to shell us into submission. Bombardment and sniping continue, with very small results. The enemy's sentries drew us out Saturday by making a show of going away and leaving a big gun apparently in a state of being dismantled. Our scouts found the enemy hidden in force, so we sat tight.

"The enemy's ninety-four-pounder became damaged and has been replaced by another more efficient. I am daily pushing out our advance work, with good effect. The health of the garrison is good. No casualties to report."

It is assumed that by the action at Modder river Kimberley is practically relieved, and that Gens. Methuen and White will now join hands from west and east to drive the Boers back into republican territory. Lord Methuen's first concern, it is believed, after the relief of Kimberley, will be to wreck the batteries threatening the position and beat back the burgher commandos on the western border, while Gen. White, after the siege of Ladysmith, will seek to accomplish a like result for Natal.

Lord Methuen's subsequent movements are doubtful, but it is expected that after re-enforcing the garrison and replenishing its ammunition he will fall back to Orange river station, although his retirement will be hampered by the number of his wounded, whom he will not care to leave at Kimberley. If the railway bridge over the Modder river has been destroyed, as is probable, it will be impossible to restore railway communication between Kimberley and Orange river.

The news that two battalions are on their way from De Aar Junction to re-enforce Gen. Methuen is regarded as encouraging to the British, since it shows also that the Boers are so discouraged that they are unlikely to raid the troops on that portion of their railway journey that lies parallel with the Free State frontier.

Lord Methuen's address to his troops is interesting for the confirmation it gives of reports of firing on ambulances and shooting British officers engaged in succoring the wounded, as in the case of Capt. Campbell, the noted amateur steeplechaser, at the battle of Enslin (Gras Pan). Capt. Campbell is shown to have advanced toward a wounded Boer who beckoned in token of surrender. When Campbell was sixty yards away the Boer fired, killed the horse and narrowly missed its rider. It is no longer doubted that in individual cases the Boers have exhibited much treachery and barbarity.

Despite the exultation with which the rumor of the fall of Ladysmith was received in Paris Wednesday night the story is entirely discredited here. It is regarded as impossible that Gen. White, with the sound of the guns of Gen. Hildyard's relieving force at Colenso almost in his ears, should yield, while he had left a round of ammunition and men enough to man the guns, a position so long and so gallantly maintained.

The retrograde movement of Boer raiders toward Lady Grey and Barkley East, reported yesterday, will help to clear Gen. Gatacre's front and facilitate his forward movement. It is the general impression that when he gets to work he will achieve successes even more brilliant than those of Gen. Methuen. Meantime news of importance is momentarily expected from Natal.

Boer Losses Were Heavy. Orange River, Nov. 27.—Boer prisoners here report that the number of Boers killed at Belmont is believed to be 140, and at Gras Pan 400.

Joubert Retreats to Colenso. Eastcourt, Monday, Nov. 27.—The Twelfth lancers are reported to have attacked Piet Retief's force at Weenen and to have inflicted great loss on the Boers. Gen. Hildyard's troops bivouacked last night at Frere.

Gen. Joubert is reported to have retreated to Colenso yesterday by way of Chieveley. It is rumored that he is

hurrying back to oppose Col. Baden-Powell.

Two Eastcourt trains arrived at Frere last evening. There is great rejoicing at the reopening of the line.

Boer prisoners report Gen. Hildyard's night attack with cold steel paralyzed the burghers, whose loss was thirty killed and over 100 wounded.

Colenso Bridge May Be Wrecked.

London, Dec. 1.—A dispatch to the Daily Telegraph from Pietermaritzburg, dated Nov. 28, says: "Loud reports were heard in the direction of Colenso early this morning, and it is feared that the bridge there has been destroyed."

The Daily Mail correspondent at Quezastown, Natal, telegraphing under date of Nov. 27, says: "The Boers are reported to be advancing on Dordrecht, Moltso and Indwe. The Dutch are joining the Boers, owing to misstatements to the effect that the British are committing outrages on defenseless people. A commando of 1,000 men is marching south from Strinsburg. Twelve train loads of troops were sent north last night to stop the invaders."

Are Close to Ladysmith.

Frere, Natal, Nov. 27, via Eastcourt, Dec. 1.—The British advance is now within twenty miles of Ladysmith. A junction was made yesterday between Barton's command from Mooi river and Hildyard's command at Eastcourt, each body of troops numbering about 2,000. All the garrison moved to Frere, which is on the railway about ten miles north of Eastcourt, and about the same distance south of Colenso.

Insists That Joubert Is Dead.

Cape Town, Dec. 1.—An Englishman who was commandeered for service with the Free State burghers and who has since escaped, informs a Cape Town paper that Gen. Joubert undoubtedly is dead. He says he was standing within ten yards of the Boer commandant-general at the siege of Ladysmith when Joubert was struck in the head by a splinter from a shell and instantly killed.

New Division to Be Sent.

London, Dec. 1.—As men are needed in all directions, Lord Wolseley's announcement last week that a new division will be embarked without delay has been received with greatest satisfaction. The transports will soon be returning from the Cape, and it is hoped that the men will be dispatched steadily.

Chamberlain Threatens Franco.

London, Dec. 1.—Referring to the attacks of the foreign press, Joseph Chamberlain in a speech at a luncheon at Leicester Thursday said these newspapers had not even spared "the almost sacred person of the queen." This, continued the speaker, provoked natural indignation, "which may have serious consequences if our neighbors do not mend their ways."

Senator Haywood Very Low.

Lincoln, Neb., Dec. 1.—Senator-elect Haywood is dying and no hope is entertained that he can live through the day.

EXCELLENT RESULTS

They Have Resulted in a Steady Gain of Popularity.

People Who are Ever Ready to Recommend What Has Done Them Much Good.

The people of Janesville feel very grateful for the great benefit they have received from the use of Morrow's Kidney-oids, the great remedy for backache, lumbago, sleeplessness, nervousness and all diseases arising from the kidneys. Morrow's Kidney-oids cure where other remedies have failed and the people of this city have not been slow to find this out, and they add their testimony that their friends may know what to use and get cured.

Mrs. F. L. Kimball, 180 Linn street, says: "I have been a sufferer from kidney and liver troubles for the past two years. I could not sleep on account of nervousness. I had palpitation of the heart, sinking and dizzy spells, and suffered a great deal from nervous headache and rheumatism. I was treated by doctors, but they gave me only temporary relief. By using Morrow's Kidney-oids and Liverax for three days I have been greatly relieved of all my troubles. I will continue to use these grand remedies."

Morrow's Kidney-oids are not pills, but yellow tablets, and sell at fifty cents a box. Morrow's Liverax are small red granules and sell at twenty-five cents a box by all druggists and by The People's Drug Co.

Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield, Ohio.

CHANGE THE POLICE SYSTEM

The city now pays three policemen; maintains a city lockup that is supplied with a telephone; and keeps a horse and buggy for the use of the officers. No expense will be added if the lockup is designated as police headquarters; the horse and buggy kept there; and an officer stationed there in readiness to answer the calls of citizens.

The city now pays an electrician, and has the use of every pole in the city for fire alarm and police wires. Half a dozen call boxes can be put up in the business section, with the necessary wires, etc., at an expense of two or three hundred dollars for construction, and no additional expense for maintenance.

Hundreds of telephones are scattered all over the residence districts, and the police station could be reached by phone from any section of the city. No tax payer would be called upon to contribute one penny additional to inaugurate the system outlined above. The two or three hundred dollars necessary to make the change can be paid from existing funds, and after that there would be no additional expense.

Why should we not try the experiment? No additional expense would follow, and everyone knows that the people would be greatly benefitted.

Public interest demands a larger force than we now maintain, but outside of this fact, if we can get better service than we are now getting for the same money, why should we not do so?

A small improvement is better than none at all. Nobody can uphold the present system except as a matter of economy. The system outlined above, however, will not cost a cent more, so the economical consideration no longer counts.

A better manned and better organized police force is an absolute necessity, and the expense would not be great, but details cannot be arranged in a day. In the meantime, then, why should we not try the above plan? It can be put in operation in twenty-four hours after it is adopted by the proper authorities, and would undoubtedly be a great improvement over the present methods.

In glancing through the list of gambling games, etc., that are to be stopped by the Racine Civic Federation, we fail to see a mention of the church fair raffles, and grabbage, although the raffling of everything else is to be prevented. Is it more iniquitous to raffle a turkey than to dispose of a pin cushion in the same manner?

A reform crusade is on at Racine, and many prosecutions are promised against owners of property occupied by disorderly persons; against concerts being held in saloons Sunday night; against a number of resorts where boys are supposed to be started on the downward path, and perhaps against the many raffles held in saloons for turkeys and geese.

Harper Bros., the publishers, landed upon financial rocks in spite of the fact that they received higher prices for all their goods, than any other firm. It is hoped that a reorganization, however, will not only place the concern on its feet, but strengthen it as well—a result that the reading public will be pleased to have brought about.

Rev. John Faville, formerly of Wisconsin, is charged with heresy by the ministers of Peoria, Ill. If there are as many "heretics," in proportion, among the people as there appear to be among the ministers, goodly congregations could be formed, and no mistake.

All the Recorder wants is more stone crushing plants, more electric lights, illegal street work, more steam rollers, and more money for the school board to handle. Outside of these things the Recorder is on a "public-be-d-n" basis.

Governor Pingree and a number of the city officials of Detroit have sued the Free Press for libel; the amount

claimed aggregating \$450,000. A check for the amount has not yet been drawn, however.

Alderman Carpenter does not favor a police force, but what are the rest of us to do? We are not all so constituted that people who wish to do us harm first "take a course of training fighting a barb wire fence."

A picture of the Janesville High School building will be on exhibition at the Paris exposition. The Janesville school is certainly a model, and Janesville people are becoming proud of it.

Aguinaldo, owing to circumstances that could not be controlled, was unable to eat his Thanksgiving dinner with the Hon. E. Atkinson, of Bostling.

Henry O. Payne's plan for the readjustment of the representation on the National Republican committee, appears to meet popular approval.

This was the "day after." Did you notice it?

Judge Burned in Emery. Fort Scott, Kan., Dec. 1.—Judge John A. Williams of the Federal court, district of Arkansas, who last Monday sentenced National Committeeman Reese of the United Mine Workers of America to ninety days in prison for his participation in the Kansas coalminers' strike, was burned in effigy in the streets of Pittsburg, Kan., Thursday afternoon. Reese is receiving telegrams of sympathy and congratulations from labor leaders all over the country. The union officers have issued an order, to take effect next Monday, suspending work in all mines in Kansas until Reese is released from jail in an honorable manner.

Would Drop State Militia. Des Moines, Iowa, Dec. 1.—Adj. Gen. M. L. Byers filed his biennial report with Gov. Shaw Thursday. He recommended that the National guard be made an integral part of the regular army, although such a change would require amendments to the state constitution and the federal statutes. Gen. Byers asks that the election of officers in the National guard be abolished, insisting that it is ruinous to discipline.

Flour and Wheat in Demand. Portland, Ore., Dec. 1.—The demand from South Africa for wheat and flour is greater than ever before. Since the season opened six cargoes have been shipped from this port. Other orders have been declined here on account of lack of tonnage, but it is probable that at least six more cargoes will be shipped to South African ports before the end of the season.

Fitzsimmons Wants a Fight. New York, Dec. 1.—Bob Fitzsimmons is willing to fight Jeffries again, the winner to take the entire purse. Fitzsimmons' stand is quite unusual for him, as in the past he has always agreed to a loser's end. Billy Brady declares Jeffries will not fight Bob unless the champion receives 75 per cent of the purse, whether he wins, loses or draws. He adds that he will take Bob on thirty days after Jeffries fights Corbett, or before if necessary.

Santa Fe Express Wrecked. Albuquerque, N. M., Dec. 1.—The west-bound Santa Fe express was wrecked on the Atlantic & Pacific some miles west of here late last night, and it is reported that several lives were lost. No details are as yet obtainable.

Wine Indiana Championship. Lafayette, Ind., Dec. 1.—Indiana university defeated Purdue's eleven on Thursday afternoon in the final game for the state championship, which Purdue has held for nine years. The score was 17 to 5.

Warship Scorpion at Colon. Panama, Dec. 1.—The American warship, the Scorpion, has arrived at Colon to look after the interests of the American people in view of the internal troubles in Colombia.

Wood Doubles a Report. Washington, Dec. 1.—Gen. Wood, commenting upon the report that he might succeed Gen. Sternberg as surgeon-general of the army, said that it was without foundation.

Notice. The Board of Fire and Police commissioners will meet at the council chamber, Wednesday, December 6, 1899, at 7 o'clock p. m., for the purpose of examining applicants for positions in the fire and police departments of the city of Janesville. Those desiring to take the examination may procure the necessary blanks from John O. Spencer, chief engineer, or John W. Hogan, chief of police.

If the Baby Is Cutting Teeth. Be sure and use the old and well-tried remedy Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Designing. Women are beginning to succeed as designers, and it is gratifying to learn that the chief prizes given by playing card makers have been this year won by women. One would imagine designing, with its charm and delicacy and fancy, an especially congenial employment for women, and yet hitherto they have been left far behind by the male designers, both in originality and accuracy of expression. It is to be hoped that, thanks to the art training and the care bestowed on the decoration of houses and furniture at the present day, a new generation of skillful-artificers and designers may spring up among women.

THERE IS A CLASS OF PEOPLE

Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over 1/4 as much. Children may drink it with great benefit. 15 cts. and 25 cts. per package. Try it. Ask for GRAIN-O.

Boers Strong at Mool River.
Frere Camp, Dec. 1.—The Boers are now reported as having been 10,000 strong round the Mool river. They vacated their position on Friday night, half going east and the others west, where they had previously formed a large camp. An armored train with a company of infantry and trucks with railway supplies and platelayers went out on Saturday and found six sections of rails torn up a mile north of Highlands station. They repaired the rails and telegraph connection was resumed on Sunday. The line is now open to Frere, twelve miles north of Estcourt. It is hoped Ladysmith will soon be relieved. The British loss on Thursday at Beacon Hill, near Estcourt, is stated to have been fifteen killed and seventy-one wounded. The Boer loss is unknown, but must have been severe.

Signing of Samoan Treaty.
Washington, Dec. 1.—The treaty providing for the partition of Samoa will be signed at the state department today or Saturday, the signatory powers being represented by Secretary Hay, Lord Pauncefoot and Dr. von Holleben. The treaty provides for the cession to the United States of all the Samoan islands east of the one hundred and seventy-first degree of longitude, the cession to Germany of all the Samoan islands west of that line, the abandonment by Great Britain of all interest in Samoa and the extension to Samoan ports of all the trade privileges possessed by Great Britain, Germany and the United States in the territory of one another.

My son has been troubled for years with chronic diarrhoea. Sometime ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25-cent size he was cured. I give this testimonial, thinking someone similarly afflicted may read it and be benefited.—Thomas C. Bower, Glencoe, O. For sale by Smith's Pharmacy, next to post office, Kodak agents.

Mr. Hogg for Vice-President.
Austin, Texas, Dec. 1.—While William J. Bryan, ex-Gov. Hogg and other politicians were making speeches at Elgin, near this city, Thursday, a boom was started for Hogg for second place on the national democratic ticket, and Mr. Bryan warmly applauded the proposition.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and paining me very much, but one good application of Pain Balm relieved me." For sale by Smith's Pharmacy, next to post office, kodak agents.

Read Rules to Stand.
Washington, Dec. 1.—In order to avoid the unpleasant situation in which the republicans found themselves in the latest congress, owing to the failure of the committee on rules to report a set of rules for the government of the house, it has been determined to present the Reed rules to the republican caucus on Saturday night for its consideration. It is expected that they will be modified to some extent, but the essential features will not be changed. If the caucus completes its work on the rules they will be offered to the house and adopted on Monday. This will obviate a long discussion of the rules and settle the matter without delay.

Entire Town Razed by Fire.
Dallas, Texas, Dec. 1.—The town of Garland, with 2,000 inhabitants and an important business point twelve miles from Dallas, is reported destroyed by fire that started at 7 o'clock last night. All wire connections are gone. The property loss, exclusive of cotton and railroad interests, cannot fall below \$100,000.

A SURE CURE FOR COUG.

Twenty-Five Years of Constant Use With-
out a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years constant use without a failure. For sale by Smith's Pharmacy, next to postoffice, kodak agents.

Gen. Wheeler to Return.
Washington, Dec. 1.—Major-Gen. Joseph Wheeler is expected back in Washington within eight weeks. He will fight for expansion in the democratic ranks.

Scrofula to
Consumption.

Any one predisposed to Scrofula can never be healthy and vigorous. This taint in the blood naturally drifts into Consumption. Being such a deep-seated blood disease, Swift's Specific is the only known cure for Scrofula, because it is the only remedy which can reach the disease.

Scrofula appeared on the head of my little grandchild when only 18 months old. Shortly after breaking out it spread rapidly all over her body. The scabs on the sores would peel off on the slightest touch, and the odor that would arise made the atmosphere of the room sickening and unbearable. The disease next attacked the eyes, and we feared she would lose her sight. Eminent physicians from the surrounding country were consulted, but could do nothing to relieve the little innocent, and gave it as their opinion that the case was hopeless and impossible to save the child's eyesight. It was then that we decided to try Swift's Specific. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.

Scrofula is an obstinate blood disease, and is beyond the reach of the average blood medicine. Swift's Specific

S.S.S. For
The Blood

is the only remedy equal to such deep-seated diseases; it goes down to the very foundation and forces out every taint. It is purely vegetable, and is the only blood remedy guaranteed to contain no mercury, potash or other mineral substance whatever. Books mailed free by Swift Specific Company, Atlanta, Georgia.

Boers to Attack Fort Tuli.

Pretoria, Dec. 1.—[Special Cablegram]—(Delayed)—The Boer commanders are preparing to attack Fort Tuli, the British base in Rhodesia, North Transvaal, and the British are fortifying the place with feverish haste. The British garrison at Mafeking made a determined sortie from that place November 25th.

SILENCE REGARDED AS OMINOUS.

Not So Certain British Won a Great Victory on Modder River

London, Dec. 1.—[Special Cablegram]—It is reported that the British ambassador Sir. Edward Monson at Paris has cancelled all engagements and will apply for a long leave of absence as a protest against the French newspaper attacks against Queen Victoria.

Gen. Methuen telegraphs the Queen that Maj. Count Gleichen, a relative of her Majesty, who was wounded at the Modder river is doing well.

Full particulars of the battle of Modder river are still lacking, though it is said at the war office that communication with the British commander is open. This silence regarding the actual result of the fight and the British losses are regarded as ominous. Thus far only the casualties among the officers engaged in the battle have been received. It is not certain even that this list is complete. The war office continues to be besieged by anxious inquirers, but no new information can be obtained.

COURT DRESS.

Costume Prescribed for Diplomats at the Russian Capital.

Quite a ripple of excitement in American diplomatic circles was caused by a circular issued under the personal instructions of the emperor by the Russian minister of foreign affairs, and which reopens the much-discussed question of court dress for American diplomatic representatives abroad. The circular formally notifies all foreign embassies and legations at St. Petersburg that the court costume of a dark-blue evening coat with a velvet collar and brass buttons, white or blue waistcoat and blue trousers, is prescribed for all persons not otherwise entitled to wear uniforms who attend court ceremonies. The Russian circular explicitly states that the new regulations apply to all distinguished foreigners and accredited representatives in Russia of such countries as have not adopted for their diplomatic officers specific uniforms or costumes. It is stated by those in a position to know that similar measures are likely to be taken at the court of Berlin, Copenhagen, The Hague and Brussels. It is well known that the plain black evening dress worn by official representatives of the United States is not recognized at St. Petersburg as suitable for occasions of ceremony, and is looked upon by the court chamberlains very much as those assembled at a dinner party in New York would regard a guest attired in tweed and knickerbockers. During an informal exchange of views, which preceded the issuance of the Russian circular, already forwarded to the state department at Washington, Mr. Tower, the ambassador at St. Petersburg, earnestly requested the Russian authorities to adopt as plain a style for diplomatic officers as was consistent with the requirements, in order to make it accord with American views on the subject. The Russian government accepted the suggestion, and prescribed a court costume of cloth instead of velvet, as was originally contemplated. —Paris correspondence in New York Tribune.

Letter's Travels.

Kokomo (Ind.) Special to the New York World: Miss Alice Chisnell of this city was surprised the other day to receive a letter that had been mailed to her in June, 1889, by a California friend who died five years ago. The letter had been misdirected, and has been meandering around the country for ten years seeking proper destination. It was sent several times to the dead-letter office, covered by addresses and postmarks and forwarded again in fresh envelopes. It reached the owner yellow from age and with news that was somewhat stale. The letter contained a money order for \$2 that time has outlawed. The department will replace it with a duplicate.

GETTING FAT ON EXPOSURE.

Effect of an Army Tarp Upon a Chronic Complainer.

"It is a well-known fact," said an observant citizen, "that a man out fishing or hunting will get fat on exposure that would infallibly kill him in town. Why this should be, science has failed to explain, but it is, nevertheless, true and has been especially noticeable in the experience of our volunteer troops. I was out myself, so I know what I am talking about. Here in the city I am subject to colds and suffer tortures from dyspepsia. Wet feet or a few square inches of pie will put me in bed with unfailing certainty, and after I enlisted and the first glow of patriotism cooled off I was filled with apprehension and felt positive I would never survive the rigors of camp life. The result was exactly the reverse of what I expected. I got soaking wet, slept on the ground, ate fat bacon, drank 'bootleg' coffee, and was never sick for a moment. Naturally I thought my old sanitary precautions were all nonsense, and when I returned I began to disregard them. In twenty-four hours I was flat on my back with an attack of pleurisy, and, I assure you, my case was not exceptional. As far as I have been able to learn everybody else had substantially the same experience; differing only in degree. Of course, there was an immense amount of sickness among the troops, occasioned by bad water, embalmed beef, and other causes that could not be definitely traced, but I am speaking of the ordinary exposure and hardships incident to any campaign. Why they should be so harmless outside of town and so deadly inside corporate limits is a great mystery. It is one of the things, as Lord Dunsyre observes, that no fellow can find out."—New Orleans Times-Democrat.

Fuel Cubes from Culm.

Hazleton (Pa.) Spec. Philadelphia Record: The fine coal dust, or "culm," which has heretofore been considered worthless, and lies mountain high around the breakers of the Lehigh region, is now being shipped to tide water at the rate of about twenty car loads per day. At a point near New York a firm has undertaken to manufacture the stuff into fuel cubes or "briquettes," and while the success of the enterprise is not yet assured, a ready sale is being found for the limited product of the plan.
